## Technical Specifications:

Voltage	125 VAC
Amperage	15 A
Dielectric Voltage	Withstands 2000V per UL498
Current Interrupting	Certified for current interrupting at full rated current
Pole	2
Wire	3
Temperature Rise	Max 86F after 50 cycles OL at 150 percent rated current
Flammability	Rated V-2 per UL 94
Operating Temperature	-40°F to 140°F
Assembly Screws	Steel, Zinc Plated
Blades/Contacts	Brass
Body Material	PVC
Color	Yellow
Cord Range	.245 - .655
NEMA	5-15P
Wire Gauge	18-12 AWG
Warranty	2 Years
