# SSL RGB+CCT LED STRIP LIGHT

Description:

The Seamless Strip Light (SSL) RGB+CCT is a dotless COB (Chip On Board) strip of LED lights that appear to be a solid line of light without any gaps or dots. It combines color changing RGB lights with the CCT white spectrum of 2800K to 6500K. With the ability to mix all of these color combinations, you have over 16 million colors to choose from. With cutable indicator marks every 1.4" you will be able to customize the length of this strip to nearly any desired length.
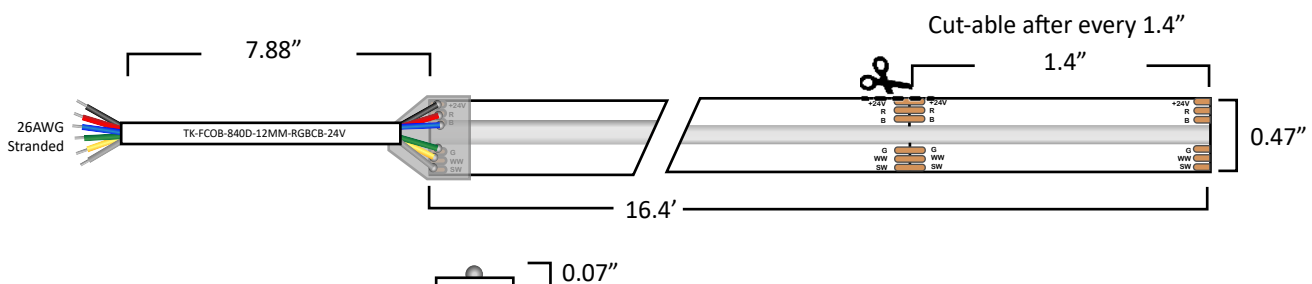

Features:

- SKU: NUR-STP-SSL-15FT-6.3W-RGBCB-24V
- Color-changing LEDs: Red, Green, Blue, plus CCT 2800K-6500K.
- Cut locations are marked every 1.4" for customizable lengths.
- CRI (Color Rendering Index) of >90 provides accurate color rendering for vibrant and true-to-life colors.
- 180° beam angle provides uniform illumination for a large area
- Dimmable
- IP Rating: IP20
- Warranty: 3 years

Applications:

- Under-cabinet lighting
- Architectural lighting
- Decorative lighting
- Staircase illumination
- Accent lighting

Technical Specifications:

Model	NUR-STP-SSL-15FT-6.3W-RGBCB-24V
Voltage	24V DC
Wattage	21W/3.2 ft
Light Colors	Red 620NM/Green 540NM/Blue 455NM/ WW 2800K-3100K/CW 6000-6500K
Lumen	100LM/W±10%
Efficiency	840LEDS/3.2 ft
Pitch	1.40"
Width	0.47"
Certification	UL ,CE ,RoHS
Warranty	3 Years

Accessories:

RGB+CCT 4 Zone Remote (sold separately)

SKU: MILI-REM-RGBWW-WALL-4Z
