

# PAR16 SPOTLIGHT BULB

## Description:

The dimmable PAR LED light bulb has a standard E26 base and fits into almost any lamp, ceiling fixture, or spotlight in your home or office. This cutting-edge bulb gives superior heat dissipation, producing less than a third of the heat that traditional bulbs generate. They also consume 90% less energy than halogen and incandescent light bulbs and last more than 25 times longer.

## Features:

- Uses 90% less energy than equivalent halogen
- Contains no mercury
- Produces no harmful ultraviolet or infrared rays
- Low heat output

## Applications:

- Indoor flood lighting
- Recessed lighting
- Track lighting
- Display lighting
- Accent lighting

## Dimensions:

Unit: inch

## Technical Specifications:
