

Brass T Connector for Landscape Lighting

Description:

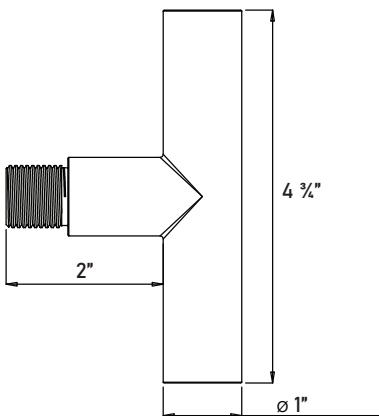

Enhance your outdoor lighting with our durable Brass T Connector, designed to seamlessly integrate into your landscape lighting system. This connector combines functionality with an elegant pre-aged finish, ensuring a long-lasting and corrosion-resistant addition to your outdoor space.

Features:

- **Durability:** Constructed from solid brass for unmatched strength and longevity.
- **Corrosion Resistance:** Features a natural patina finish that resists corrosion, maintaining its appearance over time.
- **Advanced Socket:** Utilizes a beryllium copper socket for superior corrosion resistance.
- **Protection:** A silicone plug at the lead wire exit safeguards against moisture and insects.
- **Sealed Design:** Equipped with a pressure-fit rubber gasket to ensure a moisture-tight seal.
