

RECESSED INSIDE CORNER ALUMINUM CHANNEL

DESCRIPTION:

The Recessed Inside Corner Aluminum Channel is designed to be used with LED strip lights of width 0.39 inches, providing a clean, smooth surface for LED strip lights to be adhered to. This channel serves as an efficient heat sink. This corner channel is used in indoor and outdoor recessed lighting solutions.

FEATURES:

- Made from high-grade Aluminum Profile 6065-T5 for enhanced durability.
- Acts as a heat sink to extend the lifespan of LED strips.
- Trimless recessed design for a seamless installation.
- Anodized silver finish for a sleek, modern look.

APPLICATIONS:

- Offices
- Kitchens
- Hotels
- Stores
