

# SLIM RECESSED ALUMINUM CHANNEL

## DESCRIPTION:

The slim recessed Aluminum Channel is designed to be used with LED strip lights of 0.39 inches wide, providing a clean, smooth surface for LED strip lights to be adhered to. Made from high-quality Aluminum 1060, it features a silver anodized surface for enhanced durability and appearance. This channel is perfect for creating a sophisticated display in both residential and commercial settings.

## FEATURES:

- Premium Material: Durable 1060 aluminum with a silver anodized finish.
- Customizable Covers: Frosted, black, clear, or milky PC options for tailored lighting effects.
- Recessed Fit: Seamlessly integrates into surfaces.
- LED Compatibility: Supports LED strips up to 0.39 inches wide; 37 LEDs per foot recommended for smooth, dot-free light

## APPLICATIONS:

- Commercial lighting
- Indoor Illumination
- Office lighting
- Home lighting
- Cabinet lighting
