

# MR16 LED BULB FOR OUTDOOR DAMP LOCATIONS 2700K/4000K/6000K

## DESCRIPTION:

Our MR16 Bulb is a durable lighting solution due to its enclosed fixture that makes it suitable for damped locations and other various applications. It houses a thermistor that increases the lifespan of the bulb by reducing failure rates.

## FEATURES:

- High-quality LED chip for soft, even light output
- Dimmable with most magnetic transformers
- Fully potted electronics for enhanced durability and weather resistance
- Broad beam angle options for flexible lighting design
- Energy-efficient alternative to 65W halogen bulbs, lowering energy costs
- IP65 rated for dependable outdoor and wet-location performance
- Advanced thermistor-controlled self-cooling for extended life

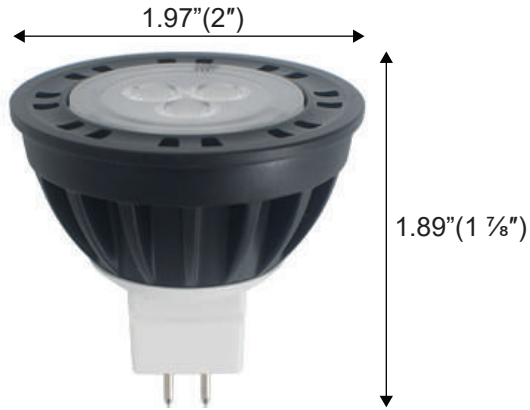

## APPLICATIONS:

- Landscape lighting
- Recessed light
- Spot light
- Display light
- Commercial and residential lighting

## TECHNICAL SPECIFICATIONS:

Voltage	9-17V AC/DC
Wattage	7W
Color Temperatures	2700K, 4000K, 6000K
Beam Angle	15°
Lumen Output	610 lm
Halogen Equivalent	65W
CRI	85
Materials	Aluminum, Polycarbonate (PC)
Operating Temperature	-4°F to 122°F
Waterproof Rating	IP65
Lamp Life	50,000 hours
Warranty	5 Years
