

WHITE 0-10V DIMMER AND LIGHT SWITCH

DESCRIPTION:

The 0-10V Dimmer Light Switch features a sleek and modern design, making it easy to operate. The paddle rocker switch offers convenient on/off control along with the adjustable slider that allows precise dimming in various settings. This dimmer is ideal for both residential and commercial use. For a polished finish, consider pairing it with Décor wall plates (sold separately).

FEATURES:

- Paddle rocker switch for ON/OFF control
- Slim mini-slide dimming bar for accurate light adjustment
- Built-in location indicator for easy identification in the dark
- Adjustable manual LUX setting for customized lighting preferences
- Durable polycarbonate (PC) construction with a two-year warranty

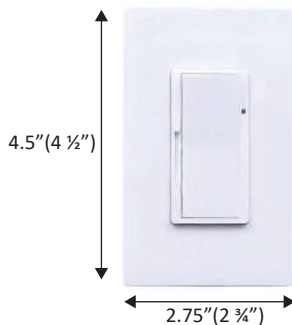

APPLICATIONS:

- Residential lighting control
- Commercial spaces with adjustable lighting needs
- Offices and conference rooms
- Hospitality settings requiring precise dimming
