

DECOR WALL PLATE OPTIONS - 1, 2, 3, 4 GANG (WHITE OR LIGHT ALMOND)

DESCRIPTION:

The Decor Wall Plate offers a sleek, screw-less design for a modern, polished look. Available in 1, 2, 3, and 4-gang configurations, these plates come in white or light almond finishes, seamlessly blending with any interior. Slightly larger than standard plates, they provide an additional 3/8" in both width and height for enhanced wall coverage. Built with durable .065" thick polycarbonate and a robust polyphenylene ether and polystyrene sub-plate, these plates are designed for long-lasting performance and style.

FEATURES:

- Screw-less design for a clean, contemporary appearance.
- Available in 1, 2, 3, and 4-gang configurations.
- Increased dimensions: Extra 3/8" in width and height for improved wall coverage.
- Two finish options: White and light almond to match various décor styles.
- Durable construction using .065" thick polycarbonate and a reinforced sub-plate.
- Includes sturdy steel mounting screws for secure installation.

APPLICATIONS:

- Residential interiors, including living rooms, bedrooms, and kitchens.
- Commercial spaces such as offices, conference rooms, and retail stores.
- Ideal for use with switches, outlets, and dimmers.
- Suitable for new installations or replacing existing wall plates.
- Perfect for enhancing modern and minimalist interior designs.
