

MR16 BRASS INGROUND WELL LIGHT

DESCRIPTION:

The MR16 Brass Inground Well Light offers versatile lighting solutions for outdoor environments. This durable fixture is perfect for enhancing pathways, driveways, and landscape features such as trees, bushes, and fountains. Designed for long-lasting performance, it is built with corrosion-resistant brass and a non-metallic canister for enhanced durability and a watertight seal.

FEATURES:

- Easy installation in harsh environments
- Adjustable lamp gimbal for precise light direction
- Corrosion-resistant brass and PVC construction
- High-temperature silicone O-ring for a watertight seal
- Fully potted wire cavity for enhanced moisture protection
- Antique bronze finish for a classic appearance

APPLICATIONS:

- Pathway and driveway lighting
- Highlighting trees and garden elements
- Fountain and architectural lighting
- General in-ground landscape illumination

IN-GROUND WELL LIGHT TOPS (SOLD SEPARATELY):

MR16 1 DIRECTIONAL TURRET INGROUND WELL LIGHT

- SKU: NUR-LTIG-TOP-2204A-TURRET10
- One-Direction Turret MR16 Well Lights - These well lights utilize precision brass tops to distribute light in one distinct direction. It's essential to note that the tops and canisters are sold separately for customization.

2 DIRECTIONAL TURRET TOP FOR INGROUND WELL LIGHT

- SKU: NUR-LTIG-TOP-2204B-TURRET20
- Two-Direction Turret MR16 Well Lights - These well lights utilize precision brass tops to distribute light in two distinct directions. It's essential to note that the tops and canisters are sold separately for customization.

MR16 3 DIRECTIONAL TURRET INGROUND WELL LIGHT

- SKU: NUR-LTIG-TOP-2204C-TURRET30
- Three-Direction Turret MR16 Well Lights - These well lights utilize precision brass tops to distribute light in three distinct directions. It's essential to note that the tops and canisters are sold separately for customization.

CLEAR INGROUND WELL LIGHT TOP

- SKU: NUR-LTIG-TOP-2202A-CLEAR
- Clear MR16 Well Lights - These well lights utilize precision brass tops for unobstructed light, perfect for tall trees, bushes, or walls. You can purchase both tops and canisters individually, granting you full control over your lighting arrangement.

SCOOP INGROUND WELL LIGHT TOP

- SKU: NUR-LTIG-TOP-2203A-SCOOP
- Scoop MR16 Well Lights - These lights employ directional brass tops for focused and controlled light projection. You have the option to purchase tops and canisters separately to suit your unique lighting needs.

COWL INGROUND WELL LIGHT TOP

- SKU: NUR-LTIG-TOP-2203B-COWL
- Cowl MR16 Well Lights - Featuring precision brass tops that offer controlled light direction, these well lights are perfect for precise illumination. Please remember that both tops and canisters are individual components for tailored lighting solutions.

GRATED INGROUND WELL LIGHT TOP

- SKU: NUR-LTIG-TOP-2202B-GRATED
- Grated MR16 Well Lights - Equipped with precision brass tops designed with a grating that provides extra protection, perfect for walkways or paths. Both tops and canisters are available separately, providing flexibility in your lighting design.

IN GROUND FIXTURE BOTTOM CANISTER (SOLD SEPARATELY):

- SKU: NUR-LTIG-BOTTOM
- The In-Ground Well Light is equipped with a durable PVC bottom canister, engineered to withstand harsh outdoor conditions and ensure long-lasting performance. With an IP65 weatherproof rating, this fixture offers exceptional protection against the elements. Its antique bronze finish enhances its aesthetic appeal, while features like an adjustable lamp gimbal enable precise directional lighting. The corrosion-resistant, non-metallic canister, combined with a fully potted wire cavity and a high-temperature silicone O-ring, provides a watertight seal for reliable outdoor illumination.
