

MR11 GLASS LED BULB 2W DIMMABLE 2700K/4000K/6000K

DESCRIPTION:

The MR11 Glass LED Bulb is a compact, energy-efficient lighting solution designed to fit standard MR11 2-pin sockets. With a durable glass body and excellent heat dissipation, it consumes only 2 watts while delivering superior brightness and performance. This dimmable bulb is available in three color temperatures: warm white (2700K), neutral white (4000K), and cool white (6000K), making it ideal for diverse applications.

FEATURES:

- No UV or IR radiation
- 360° beam angle for uniform light distribution
- High energy efficiency with only 2 watts power consumption
- Long lifespan of up to 15,000 hours (LM80 tested)
- High CRI (80-85) for vibrant and accurate color representation
- Operates on 12V AC/DC for low voltage systems
- Built with a high-efficiency COB LED chip
- Glass construction for enhanced durability and optimal heat dissipation

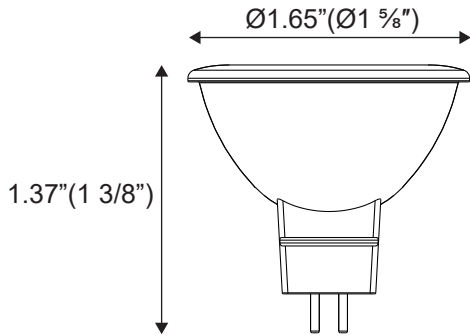

APPLICATIONS:

- Hotels
- Dining rooms and meeting rooms
- Living rooms and showrooms
- Shops and corridors
- Telephone booths and studios
- Exhibition spaces
