

# ANGLED POWER STRIP - BLACK OR WHITE

## DESCRIPTION:

The Angled Power Strip is designed for convenient and efficient power distribution. It features two tamper-resistant 15A receptacles and four USB Type-A ports delivering a stable 5V/2.4A output. Built for easy installation, it includes knockout holes and keyhole slots for versatile mounting. Suitable for damp locations, this power strip ensures long-lasting performance.

## FEATURES:

- Available in 17", 23", 29", and 35" lengths
- Color options: Black or White
- Two 15A tamper-resistant duplex receptacles
- Four USB Type-A ports (5V/2.4A)
- Easy installation with only two screws
- Suitable for damp locations

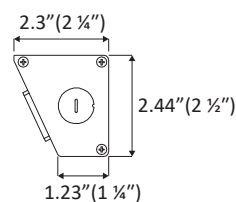

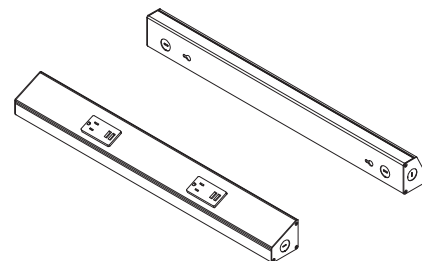

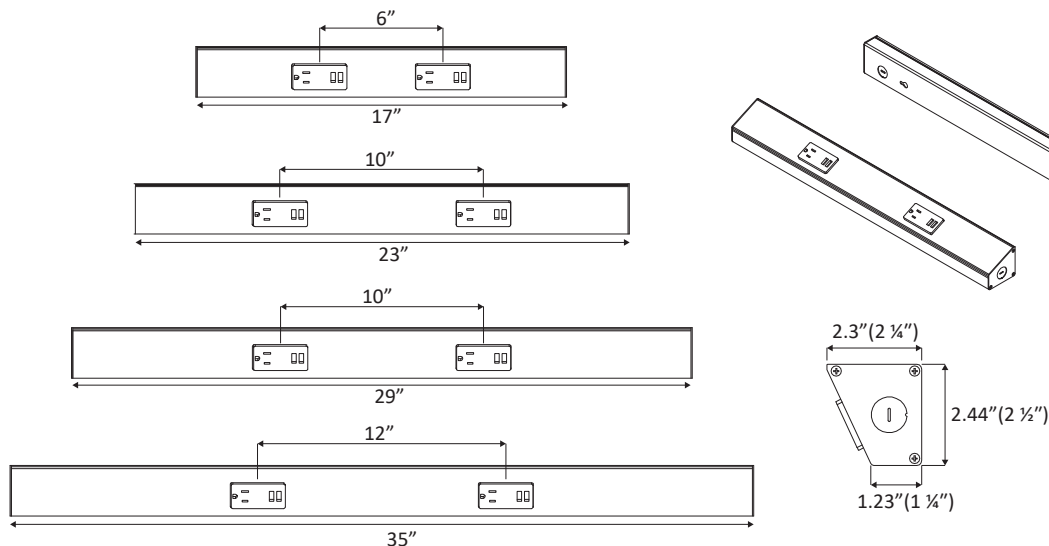

## APPLICATIONS:

- Under-cabinet installations in kitchens, offices, and workshops
- Workstations in commercial and home offices
- Workbenches for garages, labs, and industrial setups
